MAYOR GREG FISCHER
MAYOR GREG FISCHER: Improving Education for Every Child

Mayor Fischer is working to improve education, from cradle to college. Recent educational studies show that 48% of Louisville children are not prepared for kindergarten, and Mayor Fischer believes that if children are not ready when kindergarten starts, they may never catch up.

That’s why he’s working to broaden citywide preschool, to give children in every neighborhood in the city the chance to succeed.

You need to stand up for Louisville’s children. Some want to stop Mayor Fischer’s efforts — they want to stop the progress Louisville has made. But you don’t have to stand for it…vote Democratic and join Mayor Fischer in improving our schools and our city.

On November 4th, Re-Elect Mayor Greg Fischer
Vote Democratic!
